

How do I apply?

NLD partners with dozens of organizations and state/federal agencies. Many of our partners keep NLD applications on file.

1. If incarcerated, ask your institutional PO for an application and request that they email it to us.
2. If you are in residential treatment for drugs and alcohol, when you are getting near graduation, ask your counselor for an application. They can fax or email it directly to us.
3. If you are being referred by another organization or department, you can get the application from a case manager and it can be emailed, faxed, or sent via regular mail, or carried in to our facility.
4. In some cases we may request a face to face interview.

Transitional Housing & Re-entry Services

Services

REENTRY SUPPORTIVE HOUSING

New Life Development is a transitional supportive housing program for men and women who are homeless or in need of a clean and sober residential program. Rooms are fully furnished, and we provide various supportive services including case management. We provide meals daily and support successful residents with placement into permanent housing.

CHEMICAL DEPENDENCY EDUCATION

New Life offers a variety of groups, classes and material for program participants and the community, including a weekly AA and NA meetings.

SOCIAL ACTIVITIES

New Life Development provides regular activities for our residents to help them better acclimate back into society and learn to have fun and enjoy life without drugs and alcohol.

Facilities

New Life Development's main facility is located on the eastside of Anchorage in the Russian Jack Springs neighborhood. This 7,360 sq. ft. handicap accessible facility hosts up to 40 women.

New Life Development houses men in three separate facilities in Anchorage and can house up to 60 men.

Residents are provided case management, a daily meal, free computer and internet access, cable television, a workout facility, access to onsite laundry machines.

There is around the clock staff on duty or accessible, 7 days a week, 365 days a year.
